WHO WE ARE

Lift Flow Global provides lifting, rigging, material handling, and engineered lifting solutions for the Marine, Offshore, Oil & Gas, Construction, Industrial, Logistics, and Infrastructure sectors across the Middle East. Committed to safety, reliability, and technical excellence, we deliver high-quality products and tailored solutions that enhance operational safety, efficiency, and productivity through strong industry partnerships and a customer-focused approach.

VISION

To become the most trusted lifting and rigging solutions provider in the Middle East by delivering superior quality products, innovative solutions, technical expertise, and exceptional customer service.

MISSION

- Deliver safe, reliable, and compliant lifting solutions
- Supply certified products from reputable global manufacturers
- Support customers with technical expertise and engineering assistance
- Develop long-term partnerships built on trust and performance
- Promote safe lifting practices across all industries
- Continuously improve operational efficiency and service excellence

OUR STRENGTHS

- **Experienced Team** – Experienced professionals delivering customized, reliable, and timely solutions.
- **Technical Expertise** – Strong technical knowledge and industry experience across diverse sectors and applications.
- **Continuous Development** – Ongoing professional training and commitment to industry best practices.
- **Client-Focused Approach** – Long-standing client relationships built on dependable service and technical support.
- **Global Supply Network** – Access to leading manufacturers and trusted international supply partners.

OUR CORE SERVICES

- **Lifting Equipment Solutions**– Complete lifting equipment for industrial, marine, offshore, and construction applications.
- **Rigging Hardware Supply**– Certified rigging hardware and lifting accessories for safe and reliable lifting operations.
- **Material Handling Equipment**– Hoists · Chain Blocks · Clamps · Trolleys · Lifting Magnets · Hydraulic Jacks
- **Engineered Lifting Assemblies**– Custom lifting assemblies designed to meet specific load and project requirements.
- **Project Support Services**– Technical assistance from inquiry and product selection through to delivery.
- **Technical Consultation**– Equipment Selection · Compliance Guidance · Engineering Recommendations · Lifting Solutions Development

PRODUCT PORTFOLIO

Wire Rope Products

Galvanized Wire Rope · Ungalvanized Wire Rope · Rotation Resistant Wire Rope · Crane Wire Rope · Elevator Wire Rope · Stainless Steel Wire Rope · Compacted Wire Rope · Plastic Impregnated Wire Rope

Wire Rope Assemblies

Flemish Eye Wire Rope Slings · Hand-Spliced Slings · Mechanical Spliced Slings · Grommet Slings · Endless Wire Rope Slings · Socketed Wire Rope Assemblies

Chain Sling Systems

Single / Two / Three / Four Leg Chain Slings · Endless Chain Slings · Grade 80 Components · Grade 100 Components

Lifting Hardware

Shackles · Hooks · Master Links · Connecting Links · Swivel Components · Eye Bolts · Turnbuckles · Thimbles · Wire Rope Clips · Ferrules

Synthetic Lifting Products

Webbing Slings · Round Slings · Polyester Slings · Endless Slings

Material Handling Equipment

Chain Blocks · Lever Hoists · Beam Clamps · Trolleys · Lifting Magnets · Plate Clamps · Hydraulic Jacks

Marine & Offshore Equipment

DNV Certified Lifting Components · Offshore Container Fittings · Pad Eyes · Lifting Points · Mooring Accessories · Offshore Rigging Equipment

Custom Engineered Solutions

Project Specific Lifting Assemblies · Customized Rigging Systems · Heavy Lift Assemblies · Special Fabricated Lifting Components

INDUSTRIES WE SERVE

- **Oil & Gas** – Reliable lifting solutions for upstream, midstream, and downstream operations.
- **Marine & Offshore** – Certified equipment designed for demanding marine and offshore environments.
- **Construction** – Lifting and material handling products for infrastructure and construction projects.
- **Piling & Foundation** – Specialized lifting equipment for foundation and piling applications.
- **Industrial Manufacturing** – Efficient lifting and handling solutions for manufacturing facilities.
- **Ports & Logistics** – Equipment for cargo handling, warehousing, and transportation operations.
- **Power & Utilities** – Lifting products for maintenance, installation, and shutdown projects.

QUALITY & COMPLIANCE

Safety is at the core of everything we do. All products are sourced from carefully selected manufacturers with proven quality management systems. Where applicable, products are supplied with:

- Manufacturer Test Certificates
- Proof Load Test Certificates
- Third-Party Inspection Reports
- Material Traceability Documentation
- Certificate of Conformity
- Classification Society Certifications

OUR CERTIFICATIONS

Certified by: ARS Assessment Private Limited (UAF Accredited)

Validity: Until 21 April 2029

ISO 9001:2015 – Quality Management System

Certificate No.: 220426019714

Scope: Retail sale of lifting & loading equipment, machinery, oil & gas well equipment, marine equipment, and offshore facilities support.

ISO 14001:2015 – Environmental Management System

Certificate No.: 220426029715

Scope: Retail sale of lifting & loading equipment, machinery, oil & gas well equipment, marine equipment, and offshore facilities support.

ISO 45001:2018 – Occupational Health & Safety Management System

Certificate No.: 220426039716

Scope: Retail sale of lifting & loading equipment, machinery, oil & gas well equipment, marine equipment, and offshore facilities support.

ADNOC ICV Certified Company

Registered under the ADNOC In-Country Value (ICV) Program.
